

E-Mail Contact Form

With so many outside activities it is important that I have a way of getting info out to parents. We have a great calendar on our website that will automatically send out reminders for up coming events, one problem, I need you contact info to for the calendar. I will only be sending you info on events related to instrumental music, no joke, sales pitches, or pictures of my vacations. Below is space for 3 e-mails, I know some students have many homes and this is a way to make sure everyone who needs the info gets it. Finally this is one of the first assignments the kids have, if you don't want to give your info please just leave the e-mails blank and sign the bottom portion. Students will need to return this for class credit.

Thanks,

Ruben Flores
